Accessing CIOS Student View Results – A Step-By-Step Guide

1. Log in to SmartEvals (https://gatech.smartevals.com)

2. At the bottom of the login page, click on the “See Results” icon.

3. The School Wide Reports provides several search options namely:
   - Search by Course
   - Search by Instructor
   - Section by Section Analysis.

To begin a search, select the reports you want to see from the listing above and then choose a year or Division. It is important to note that Instructor information will only be listed on Search by Instructor or Section by Section Analysis.
4. The search results present a listing of courses to include the semester in which they were taught. It is important to note the following three variables that are included in the view:

- **# Resp.: Number of respondents**
- **Tot: Total number of students in the course**
- **Pct: Percent of responses (i.e., response rate)**

Interpolated Medians for each course and instructor items are displayed on the screen. It may be necessary to scroll to the right or zoom out to see all of the items.

**Course view by year**
5. Results can be filtered by the text boxes in the column headers.

(Note: It may take a few seconds for the filtered data to populate.)

6. Clicking the title in the column header will re-sort the entire table based on the column chosen.

7. Click the “Back to Wizard” button to return to the School Wide Reports to select a different view.
